*The accompanying Explanatory Memorandum, Proxy Form
and Voting Instructions form part of this Notice of Annual General Meeting.*

PROXY AND VOTING INSTRUCTIONS**Proxy Instructions**

A Shareholder who is entitled to attend and vote at this meeting may appoint:

- (a) one proxy if the Shareholder is only entitled to one vote; and
- (b) one or two proxies if the Shareholder is entitled to more than one vote.

Where more than one proxy is appointed each proxy may be appointed to represent a specific proportion of the Shareholder's voting rights. If the appointment does not specify the proportion or number of votes each proxy may exercise, each proxy may exercise half of the votes, in which case any fraction of votes will be disregarded.

The proxy may, but need not, be a member of the Company.

Where a Shareholder appoints two proxies, on a show of hands, neither proxy may vote if more than one proxy attends and on a poll each proxy may only exercise votes in respect of those shares or voting rights the proxy represents.

Proxies may be lodged using any of the following methods:

- online by visiting www.investorvote.com.au
- by returning a completed Proxy Form by post to:
Computershare Investor Services, GPO Box 242,
Melbourne, Victoria, 3001
- by faxing a completed Proxy Form to 1800 783 447 (within Australia) or +61 3 9473 2555 (outside Australia);
- for intermediary online subscribers only (custodians), submit your voting intentions via www.intermediaryonline.com

not less than 48 hours before the time for holding the Meeting, or adjourned meeting as the case may be, at which the individual named in the proxy form proposes to vote.

The proxy form must be signed by the Shareholder (or in the case of a joint holding, by each joint holder) or his/her attorney duly authorised in writing or, if the member is a corporation, in a manner permitted by the Corporations Act. A proxy given by a foreign corporation must be executed in accordance with the laws of that corporation's place of incorporation.

If you sign the proxy form and do not appoint a proxy, you will have appointed the Chairman of the meeting as your proxy.

The appointment of one or more duly appointed proxies will not preclude a Shareholder from attending this meeting and voting personally. If the Shareholder votes on a resolution, the proxy must not vote as the Shareholder's proxy on that resolution. A proxy form is attached to this Notice.

How the Chairman will vote undirected proxies

The Chairman of the meeting will vote undirected proxies on, and in favour of, all of the proposed resolutions (this includes Resolution 1, unless you are not eligible to vote on Resolution 1, and Resolutions 4 and 5) even though Resolutions 1, 4 and 5 are connected directly or indirectly with the remuneration of a member of key management personnel, which includes the Chairman.

Proxies that are undirected on Resolutions 1, 4 and 5

If you are eligible to vote on Resolutions 1 and you appoint the Chairman of the meeting as your proxy (or if he may be appointed by default) and do not direct the Chairman how to vote on Resolutions 1, 4 and 5, your shares will be voted in favour of Resolutions 1, 4 and 5, unless you indicate otherwise by marking the applicable box on the proxy form.

Corporate Representatives

Any corporation which is a Shareholder of the Company may appoint a proxy, as set out above, or authorise (by certificate under common seal or other form of execution authorised by the laws of that corporation's place of incorporation, or in any other manner satisfactory to the Chairperson of the meeting) a natural person to act as its representative at any general meeting.

Corporate representatives are requested to bring appropriate evidence of appointment as a representative in accordance with the constitution of the Company. Attorneys are requested to bring the original or a certified copy of the power of attorney pursuant to which they were appointed. Proof of identity will also be required for corporate representatives and attorneys.

Voting Entitlement

For the purposes of section 1074E(2)(g)(i) of the Corporations Act and Regulation 7.11.37 of the Corporations Regulations, the Board has determined that Shareholders entered on the Company's Register of Members as at 16 November 2020 at 7:00pm (Melbourne, Victorian, daylight saving time) are entitled to attend and vote at the meeting. Transactions registered after that time will be disregarded in determining the Shareholders entitled to attend and vote at the meeting.

On a poll, Shareholders have one vote for every fully paid ordinary share held. Holders of options are not entitled to vote.

In the case of joint holders of shares, if more than one holder votes at any meeting, only the vote of the first named of the joint holders in the share register of the Company will be counted.

Special Resolution

Resolutions 8 and 9 are proposed as special resolutions. For a special resolution to be passed, at least 75% of the votes validly cast on the resolution by shareholders (by number of shares) must be in favour of the resolution.

The 2020 Annual Financial Statements, comprising the Financial Report, Directors' Report and Auditor's Report for the year ended 30 June 2020 will be laid before the meeting. Shareholders will have the opportunity to ask questions about or make comments on the 2020 Annual Financial Statements and the management of the Company. A representative of the auditor will be invited to attend to answer questions about the audit of the Company's 2020 Annual Financial Statements.

The Company's 2020 Annual Financial Statements are set out in the Company's 2020 Annual Report which can be obtained from the Company's website, www.alteritytherapeutics.com or upon request to the Company Secretary by email to phillip@thecfo.com.au or to the Company's registered office:

Level 3, 62 Lygon Street, Carlton, Victoria, 3053, Australia (telephone +61 3 9824 5254).

There is no requirement for these reports to be formally approved by Shareholders. No resolution is required to be moved in respect of this item.

Ordinary Resolution – Resolution #1: Non-binding Resolution - Remuneration Report**Background**

Pursuant to the Corporations Act 2001 at the Annual General Meeting of a listed company, the Company must propose a resolution that the Remuneration Report be adopted.

The purpose of this resolution is to present to the Shareholders the Company's Remuneration Report so that Shareholders may ask questions about or make comments on the management of the Company in accordance with the requirements of the Corporations Act 2001 and vote on whether to adopt the Remuneration Report for the year ended 30 June 2020.

This resolution is advisory only and does not bind the Company. However, the Board will consider the outcome of the vote made by Shareholders on the remuneration report at the meeting when reviewing the Company's remuneration policies. Under the Corporations Act, if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive annual general meetings ("**AGM**") (treating this AGM as the first such meeting), shareholders will be required to vote at the second of those AGM's on a resolution (a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director and CEO) must be put up for re-election. The vote on the Remuneration Report

EXPLANATORY MEMORANDUM

contained in the Company's 2019 Annual Financial Statement was passed with the support of more than 75% of votes thus a spill resolution will not be required in the event 25% or more of the votes that are cast at the 2020 AGM are against the adoption of the 2020 Remuneration Report. However, in the event that 25% or more of votes that are cast are against the adoption of the 2020 Remuneration Report, shareholders should be aware if there is a 'no' vote of 25% or more for the same resolution at the 2021 AGM it may result in the re-election of the Board.

The Remuneration Report is contained within the 2020 Annual Report.

You may access the Annual Report by visiting the Company's website www.alteritytherapeutics.com.

Voting Restrictions

Note that a voting exclusion applies to Resolution 1 in the terms set out in the Notice. In particular, Directors and other members of the key management personnel details of whose remuneration are included in the 2020 Remuneration Report or a closely related party of those persons must not vote on Resolution 1 and must not cast a vote as proxy, unless the proxy appointment gives a direction on how to vote on Resolution 1, provided however that the Chairman may vote undirected proxies on behalf of persons eligible to vote on Resolution 1 where expressly authorised to do so on the proxy form.

Ordinary Resolutions – Resolutions #4 and #5 – Refreshing and amending 2004 ASX Plan and 2018 ADS Plan

The Company has adopted two incentive plans: the 2004 ASX Plan (for securities issued to Australian directors, employees and consultants) and the 2018 ADS Plan (for securities issued to non-Australian based, particularly US based, employees, officers, consultants, independent contractors and directors).

The 2004 ASX Plan has been refreshed on several occasions, most recently at the 2020 General Meeting on 3 September 2020. The 2018 ADS Plan was also last refreshed at the 2020 General Meeting on 3 September 2020. “ADSs” are American Depository Shares of the Company reported on the NASDAQ Capital Market. The 2018 ADS Plan relates to ADS and rights to ADSs such as warrants (which are substantively equivalent to options to acquire new shares).

Resolutions 4 and 5 seek shareholder approvals to adopt and issue securities under the 2004 ASX Plan and 2018 ADS Plan (respectively) including increasing the aggregate number of securities that can be issued under the two plans following the approvals (the new “Plan Pool”). The Plan Pool is shared between the two plans. Refreshing the plans approves issues of securities from the Plan Pool under the plans, provided that issues to Directors and their associates (including persons whose relationship with the Company or a Director or an associate of a Director is, in ASX’s opinion, such that approval should be obtained) require further shareholder approvals to be obtained under Listing Rule 10.11 or 10.14 (as the case may be).

Summaries of the terms of the 2004 ASX Plan and the 2018 ADS Plan are set out in Annexures B and C. A full copy of each of the current plans is available on request.

The two plans presently relate to a common Plan Pool of 157.5 million securities (or an equivalent number of ADSs) as approved by shareholders at the General Meeting held on 3 September 2020. Since shareholders last approved the two plan, 35 million securities have been issued under the 2004 ASX Plan and 14 million securities have been issued under the 2018 ADS Plan.

The only proposed change to the plans since shareholders last approved the plans at the General Meeting on 3 September 2020 is to increase the Plan Pool to 200 million securities or an equivalent number of ADSs (being the maximum number of securities in aggregate which may be issued under the plans following the approval).

Shareholder approval for the increase is being sought because ASX Listing Rule 7.2 Exception 13 requires a fixed number of securities to be specified as the Plan Pool instead of a percentage. A specific number of 200 million securities would be consistent, following the issue of the Placement shares (if Resolution 7 is passed) with maintaining a pool of approximately 10% of shares on issue from time to time, as was the case for the calculation of previous specific number approved at the general meeting in September 2020 after proposed issues from the pool that were subject to approval at that meeting were taken into account.

The Board of Directors of the Company believes that refreshing the approvals of the 2004 ASX Plan and 2018 ADS Plan, and increasing the Plan Pool, are necessary in order for it to continue to:

- a) provide eligible persons with an additional incentive to work to improve the performance of the Company;

EXPLANATORY MEMORANDUM

- b) attract and retain eligible persons essential for the continued growth and development of the Company;
- c) promote and foster loyalty and support amongst eligible persons for the benefit of the Company;
- d) enhance the relationship between the Company and eligible persons for the long term mutual benefit of all parties; and
- e) provide an alternative to cash payments.

ASX Listing Rule 7.1 provides that shareholder approval is required for an issue of securities if the securities will, when aggregated with the securities issued by the entity during the previous 12 months, exceed 15% of the number of securities on issue at the commencement of that 12-month period.

ASX Listing Rule 7.2 Exception 13 provides an exception to ASX Listing Rule 7.1 for securities issued under an employee incentive scheme within 3 years after shareholder approval of the scheme. The Company therefore seeks approval of the plans (which are employee incentive schemes) under ASX Listing Rule 7.2 exception 13 so that issues of securities under the plans do not impede the capacity of the Company to issue up to a further 15% of its capital without shareholder approval. ASX Listing Rule 7.1 would otherwise require shareholder approval each time shares or other securities are issued to avoid using the Company's capacity to 15% of its issued share capital.

ASX Listing Rule 7.2 exception 14 also provides an exception to Listing Rule 7.1 for issues made to Directors and their associates with approval under Listing Rules 10.11 or 10.14, also avoiding the use of the Company's capacity to 15% of its issued share capital.

If shareholders approve Resolutions 5 and/or 6, then the Company would be able to issue securities under the plan(s) the subject of the Resolution(s) approved by shareholders without using the placement capacity available to the Company under the ASX Listing Rules (provided that no more than the maximum number of securities that may be issued under the plan(s) as approved by shareholders are issued). If shareholders do not approve Resolutions 5 and/or 6 then, in respect of the plan the subject of the Resolution(s) not approved by shareholders, the Company will continue to rely on the shareholder approval(s) obtained at the general meeting of shareholders on 3 September 2020.

As each of the Directors of the Company are (subject to further shareholder approvals) eligible to participate in either or both of the plans, they have abstained from making a recommendation in respect of Resolutions 4 or 5.

A voting exclusion statement and proxy voting prohibition as set out in the Notice applies to each of Resolutions 4 and 5.

Ordinary Resolutions – Resolutions #6 and #7

Background to Resolutions #6 and #7

On 16 October 2020, the Company announced that it was proposing to issue up to an aggregate of 945,945,947 fully paid ordinary shares (**Placement Shares**) at an issue price of A\$0.037 (3.7 Australian cents) per Placement Share to raise A\$35 million before costs (**Placement**). The participants in the Placement will be unrelated professional, sophisticated and other investors exempt from the disclosure requirements of Ch 6D of the Corporations Act who were clients of MST Financial Services Pty Ltd (**MST Financial**), A.G.P./Alliance Global Partners (**Alliance**) or other brokers including institutional investors, or which were identified by the Company as part of its investor relations program.

The Placement is proposed to be conducted in two tranches:

EXPLANATORY MEMORANDUM

- 271,251,007 Placement Shares (**T1 Placement Shares**) which are proposed to be issued between the date of the Notice and the date of the Meeting, raising approximately A\$10 million before costs. The T1 Placement Shares are proposed to be issued under the placement capacity available to the Company under ASX Listing Rules 7.1 and 7.1A. Shareholder ratification for the purposes of ASX Listing Rule 7.4 for the prior issue of the T1 Placement Shares is sought under Resolution 6 of the Notice.
- 674,694,939 Placement Shares (**T2 Placement Shares**) raising approximately A\$25 million before costs. Each T2 Placement Share is proposed to be accompanied by one free-attaching unlisted options (**T2 Placement Option**), each with an exercise price of A\$0.07 (7 Australian cents), expiring three (3) years after the issue date (or the last ASX business day before that date if not an ASX business day) and which, upon exercise, entitle the holder to one fully paid ordinary share in the Company and otherwise having the terms set out in Annexure D (total of 674,694,939 T2 Placement Options). The issue of the T2 Placement Shares and the T2 Placement Options is subject to and conditional upon receipt of shareholder approval, which is sought under Resolution 7 of the Notice.

Funds raised from the Placement are to be used to progress the Company's clinical development program for ATH434 including a Natural History study and a Phase 2 trial, both in Multiple System Atrophy patients, ongoing research and discovery, and working capital.

MST Financial was the lead manager of the Placement and Alliance acted as the US selling agent. MS Financial will receive 5% of the funds raised under the Placement, which shall include fees to be on-paid to brokers and other authorised parties including Alliance.

Resolution 6 – Ratification of prior issue of shares

Resolution 6 seeks shareholder ratification for the purposes of ASX Listing Rule 7.4 for the issue of the 271,251,007 T1 Placement Shares at an issue price of A\$0.037 (3.7 Australian cents) per T1 Placement Share to raise approximately A\$10.03 million before costs. Further details regarding issue of the T1 Placement Shares are set out above and below.

The T1 Placement Shares are proposed to be issued under the placement capacity available to the Company under ASX Listing Rules 7.1 and 7.1A between the date of the Notice and the date of the Meeting. The Company will release and Appendix 2A to ASX at or about the same time as issue of the T1 Placement Shares.

Of the aggregate 271,251,007 T1 Placement Shares, 162,750,604 are to be issued under the placement capacity available to the Company under ASX Listing Rule 7.1 and the remaining 108,500,403 are to be issued under the placement capacity available to the Company under ASX Listing Rule 7.1A.

ASX Listing Rule 7.4 provides that where a company's shareholders ratify the prior issue of securities made pursuant to ASX Listing Rule 7.1 and/or 7.1A (provided that the previous issue of securities did not breach ASX Listing Rule 7.1 and/or 7.1A) those securities will be deemed to have been issued with shareholder approval for the purposes of ASX Listing Rule 7.1 and/or 7.1A. The Company seeks approval under Listing Rule 7.4 to refresh its capacity to make further issues without shareholder approval under Listing Rule 7.1 and/or 7.1A.

If shareholders pass Resolution 6 then the T1 Placement Shares will be treated as not having used the placement capacity of the Company available under the ASX Listing Rules. The T1 Placement Shares will also increase the placement capacity available to the Company under the ASX Listing Rules. If shareholders do not pass Resolution 6 then the T1 Placement Shares will continue to use the placement capacity available to the Company under the ASX Listing Rules.

EXPLANATORY MEMORANDUM

The following information is provided in accordance with the requirements of ASX Listing Rule 7.5:

- The T1 Placement Shares will be issued to unrelated professional, sophisticated and other investors exempt from the disclosure requirements of Ch 6D of the Corporations Act who were clients of MST Financial, Alliance or other brokers including institutional investors, or which were identified by the Company as part of its investor relations program.
- The total number of securities issued will be 271,251,007 fully paid ordinary shares (**T1 Placement Shares**). 162,750,604 of the T1 Placement Shares are to be issued under the placement capacity available to the Company under ASX Listing Rule 7.1 and the remaining 108,500,403 T1 Placement Shares are to be issued under the placement capacity available to the Company under ASX Listing Rule 7.1A.
- The T1 Placement Shares will have the same terms and rights as, and will rank equally with, the Company's other fully paid ordinary shares.
- The T1 Placement Shares are proposed to be issued between the date of the Notice and the date of the Meeting. The Company will release an Appendix 2A at or about the same time as issue of the T1 Placement Shares.
- Approximately A\$10 million before costs is to be raised from the issue of the T1 Placement Shares, which are being issued at an issue price of A\$0.037 (3.7 Australian cents) per T1 Placement Share. Funds raised will be used to progress the Company's clinical development program for ATH434 including a Natural History study and a Phase 2 trial, both in Multiple System Atrophy patients, ongoing research and discovery, and working capital.
- A voting exclusion for Resolution 6 is contained in the Notice accompanying this Memorandum.

Resolution 7 – Approval for issue of securities

Resolution 7 seeks shareholder approval for the purposes of ASX Listing Rule 7.1 for the issue of 674,694,939 T2 Placement Shares at an issue price of A\$0.037 (3.7 Australian cents) per T2 Placement Share to raise approximately \$24.97 million before costs and for the issue of 674,694,939 free-attaching T2 Options each with an exercise price of A\$0.07 (7 Australian cents), expiring three (3) years after the issue date (or the last ASX business day before that date if not an ASX business day) and which, upon exercise, entitle the holder to one fully paid ordinary share in the Company and otherwise have the terms set out in Annexure D on the basis of one T2 Placement Options accompanying every T2 Placement Share issued. Further details regarding issue of the T2 Placement Shares and T2 Placement Options are set out above and below.

The issue of the T2 Placement Shares and the T2 Placement Options is subject to and conditional upon receipt of shareholder approval, which is sought under Resolution 7.

ASX Listing Rule 7.1 provides that a company must not, subject to specific exceptions, issue or agree to issue during any twelve month period any equity securities, or other securities with rights to conversion to equity, if the number of those securities exceeds 15% of the company's issued share capital at the commencement of the twelve month period. One circumstance where an action or an issue is not taken into account in calculating the 15% threshold is where the issue has the prior approval of shareholders at a general meeting.

If shareholders approve Resolution 7, the Company will be able to issue the T2 Placement Shares and the T2 Placement Options the subject of Resolution 7. The issue of the T2 Placement Shares and shares upon exercise of the T2 Placement Options (if any) will increase the placement capacity available to the Company under the ASX Listing Rules. If shareholders do not approve Resolution 7 then the Company will not be able to issue the T2 Placement Shares and the T2 Placement Options.

EXPLANATORY MEMORANDUM

The following information is provided in accordance with the requirements of ASX Listing Rule 7.3:

- The securities the subject of Resolution 7 are to be issued to unrelated professional, sophisticated and other investors exempt from the disclosure requirements of Ch 6D of the Corporations Act who were clients of MST Financial, Alliance or other brokers including institutional investors, or which are identified by the Company as part of its investor relations program.
- The maximum number of securities to be issued under the approval sought under Resolution 7 is 674,694,939 fully paid ordinary shares (**T2 Placement Shares**) and 674,694,939 free-attaching unlisted options (**T2 Placement Options**).
- T2 Placement Shares will have the same terms and rights as, and will rank equally with, the Company's other fully paid ordinary shares. T2 Placement Options each have an exercise price of A\$0.07 (7 Australian cents), expiring three (3) years after the issue date (or the last ASX business day before that date if not an ASX business day) and which, upon exercise, entitle the holder to one fully paid ordinary share in the Company and otherwise have the terms set out in Annexure D.
- The Company proposes issuing the T2 Placement Shares and free-attaching T2 Placement Options the subject of Resolution 7 shortly following the Meeting (subject to receipt of subscription funds) and in any event no later than 3 months after the date of the Meeting (or such later date as may be permitted by an ASX waiver of the Listing Rules, the Corporations Act and/or ASIC).
- T2 Placement Shares will have an issue price of A\$0.037 (3.7 Australian cents) each. T2 Placement Options do not have an issue price and are being issued as free-attaching to T2 Placement Shares on the basis of one T2 Placement Option for every T2 Placement Share issued.
- Approximately A\$25 million before costs will be raised from the issue of the T2 Placement Shares, which are being issued at an issue price of A\$0.037 (3.7 Australian cents) per T2 Placement Share. Funds raised from the issue of the T2 Placement Shares will be used to progress the Company's clinical development program for ATH434 including a Natural History study and a Phase 2 trial, both in Multiple System Atrophy patients, ongoing research and discovery, and working capital. No funds will be raised from the issue of the T2 Placement Options which are being issued as free-attaching to T2 Placement Shares on the basis of one T2 Placement Option for every T2 Placement Share issued. Funds raised upon exercise of T2 Placement Options (if any) will be used for working capital at the time of exercise.
- A voting exclusion for Resolution 7 is contained in the Notice accompanying this Memorandum.

Special Resolution – Resolution #8 – Amendment to Company constitution

It is proposed that the Constitution of the Company be amended as set out in Annexure A. A summary of the effect of the amendments that are proposed to the Constitution are set out below:

Restricted Securities

The Constitution is proposed to be amended to reflect changes to the ASX Listing Rules with respect to restricted securities. The proposed amendment specifically addresses the terms of ASX Listing Rule 15.12 (which was amended in December 2019) which, subject to transitional arrangements for existing listed entities, provides that the constitution of a listed entity must include specific text relating to restricted (escrowed) securities.

An outline of the impact of these changes is set out below:

- adding that, if restricted securities are in the same class as quoted securities, the holder will be taken to have

EXPLANATORY MEMORANDUM

agreed in writing that the restricted securities are to be kept on the entity's issuer sponsored sub-register and to have a holding lock applied for the duration of the escrow period applicable to those securities. This formalises prior requirements of ASX that each holder of restricted securities must sign a written restriction agreement with respect to those restricted securities; and

- adding that a holder of restricted securities will not be entitled to participate in any return of capital on those securities during the escrow period applicable to those securities except as permitted by the listing rules of ASX. This amendment contains similar content to ASX Listing Rule 7.24A which provides an entity must not return capital to holders of restricted securities; and
- other consequential drafting changes to clarify the application of ASX Listing Rule 15.12.

As the Company is already listed, any existing restricted securities on issue are subject to transitional arrangements. However, if the Company:

- undertakes a transaction requiring re-compliance with Chapters 1 & 2 of the ASX Listing Rules under ASX Listing Rule 11.1.3 (full re-compliance) involving the issue of restricted securities;
- issues restricted securities to a party referred to in ASX Listing Rule 10.1 for the acquisition of a substantial classified asset from that party,

it will be required to comply with the new terms of ASX Listing Rule 15.12 in respect of any of its restricted securities following the above transaction(s). Noting the above, the Company considers the Meeting an appropriate time to update its Constitution to address the changes to the ASX Listing Rules as described above.

Conduct of shareholder meetings

The COVID-19 pandemic has resulted in entities adopting practices in connection with shareholder meetings to facilitate shareholder participation by virtual means without the need for attendance at a physical location. While the Constitution does not prohibit the holding of a shareholder meeting by electronic means, the Company considers the Meeting an appropriate time to update its Constitution to clarify and expand upon provisions relating to the conduct of shareholder meetings by electronic means, including without the need for a physical location, for the benefit and convenience of the shareholders of the Company. The Company also proposes amending provisions that require resolutions in general meetings to be determined on a show of hands to instead state that such resolutions are to be determined by a poll in accordance with recent ASIC and ASX guidance.

Paper transfers

The Company proposes amending the Constitution such that the Directors may in their discretion charge a fee in connection with paper transfers of securities (i.e. transfers effected other than via electronic means including the ASX). Such a fee would otherwise be required to be met by the Company from its cash reserves.

Change of name

The Constitution currently states the name of the Company as "Prana Biotechnology Limited" and is proposed to be updated to reflect the current name of the Company, being "Alterity Therapeutics Limited".

General

The specific amendments to the Constitution are set out in Annexure A.

Resolution 8 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

SPECIAL BUSINESS

Special Resolution – Resolution #9 Approval of 10% placement facility**1. General**

ASX Listing Rule 7.1A enables eligible entities to issue equity securities (as that term is defined in the ASX Listing Rules) up to 10% of its issued share capital through placements over a 12 month period after the Annual General Meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1. An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of A\$300 million or less. The Company is an eligible entity as at the date of the Notice.

The Company seeks Shareholder approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Facility. The exact number of equity securities (if any) to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer to section 2(c) below). Equity securities under the 10% Placement Facility may only be issued for cash consideration. The Company may use funds raised from any 10% Placement Facility for funding of specific projects and/or general working capital.

If Resolution 9 is not passed by shareholders then the Company will not be able to issue Equity Securities under the 10% Placement Facility.

The Directors of the Company believe that Resolution 9 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this resolution.

2. Description of ASX Listing Rule 7.1A**(a) Shareholder approval**

The ability to issue equity securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an AGM.

(b) Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company.

The Company, as at the date of the Notice, has on issue one class of quoted equity securities, being fully paid ordinary Shares.

(c) Formula for calculating 10% Placement Facility

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an AGM may issue or agree to issue, during the 12-month period after the date of the AGM, a number of equity securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of shares on issue 12 months before the date of the issue or agreement:

- (A) plus the number of fully paid shares issued in the 12 months under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;
- (B) plus the number of fully paid ordinary shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or take under those rules to have been approved, under ASX Listing Rule 7.1 or 7.4;

EXPLANATORY MEMORANDUM

- (C) plus the number of fully paid ordinary shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 Exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under those rules to have been approved, under ASX Listing Rule 7.1 or 7.4;
- (D) plus the number of partly paid shares that became fully paid in the 12 months;
- (E) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under ASX Listing Rules 7.1 and 7.4; and
- (F) less the number of fully paid shares cancelled in the 12 months.

Note that A has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%.

E is the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under ASX Listing Rules 7.1 or 7.4.

(d) ASX Listing Rule 7.1 and ASX Listing Rule 7.1A

The ability of an entity to issue equity securities under ASX Listing Rule 7.1A is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer to section 2(c) above).

(e) Minimum Issue Price

The issue price of equity securities issued under ASX Listing Rule 7.1A must be not less than 75% of the VWAP of equity securities in the same class calculated over the 15 trading days immediately before:

- (A) the date on which the price at which the equity securities are to be issued is agreed by the Company and the recipient of the relevant equity securities; or
- (B) if the equity securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.

(f) 10% Placement Period

Shareholder approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the AGM at which the approval is obtained and expires on the earlier to occur of:

- (A) the date and time that is 12 months after the date of the AGM at which the approval is obtained; or
- (B) the date and time of the subsequent AGM after the AGM at which the approval is obtained; or
- (C) the date and time of the approval by shareholders of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking), (10% Placement Period).

3. ASX Listing Rule 7.1A

The effect of Resolution 9 will be to allow the Directors to issue the equity securities under ASX Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under ASX Listing Rule 7.1.

Resolution 9 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

4. Specific Information required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The equity securities will be issued at an issue price of not less than 75% of the VWAP for the Company's equity securities over the 15 trading days immediately before:
 - (A) the date on which the price at which the equity securities are to be issued is agreed by the Company and the recipient of the relevant equity securities; or
 - (B) if the equity securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.
- (b) If Resolution 9 is approved by the Shareholders and the Company issues equity securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table (in the case of unlisted options, only if the unlisted options are exercised).
- (c) There is a risk that:
 - (A) the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Annual General Meeting; and
 - (B) the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The table below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A(2) as at the date of the Notice.

The table below also shows:

- (i) two examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of ordinary shares the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders' meeting; and

- (ii) two examples of where the price of ordinary securities has decreased by 50% and increased by 50% as against the Deemed Price (defined below).

Variable "A" in ASX Listing Rule 7.1A.2		Dilution		
		\$0.033 50% decrease in Deemed Price	\$0.05 Deemed Price	\$0.075 50% Increase in Deemed Price

2,170,008,064 Shares	Funds raised	\$7,233,360	\$10,850,040	\$16,275,060

* Please note that the current number of shares on issue shown above is correct at the date of the Notice.

The table has been prepared on the following assumptions:

- (i) The share figures are as at 15 October 2020 and do not include the shares the subject of Resolutions 6 and 7 of the Notice.
 - (ii) The Company issues the maximum securities available under the ASX Listing Rule 7.1A being 10% of the Company's shares on issue at the date of the Meeting;
 - (iii) No unlisted options and/or warrants are exercised into fully paid ordinary securities before the date of the issue of securities under ASX Listing Rule 7.1A. The Company has an aggregate of 70,550,000 unlisted options and warrants on issue at the date of the Notice and proposes issuing up to an additional 674,694,939 unlisted options (refer Resolution 7 of the Notice);
 - (iv) The table does not demonstrate an example of dilution that may be caused to a particular shareholder by reason of placements under ASX Listing Rule 7.1A, based on that shareholder's holding at the date of the Meeting;
 - (v) The table only demonstrates the effect of issues of securities under ASX Listing Rule 7.1A. It does not consider placements made under ASX Listing Rule 7.1, the "15% rule";
 - (vi) The price of ordinary securities is deemed for the purposes of the table above to be \$0.05, being the closing price of the Company's listed securities on ASX on 9 October 2020, being the last day on which the shares in the Company traded on ASX prior to the Company trading halt which commenced on 12 October 2020 (**Deemed Price**). The Deemed Price is indicative only and does not consider any discount to market that the securities may be placed at; and
 - (vii) The table does not demonstrate the effect of listed or unlisted options being issued under ASX Listing Rule 7.1A, it only considers the issue of the fully paid ordinary securities.
- (d) The Company will only issue and allot the equity securities during the 10% Placement Period. The approval under Resolution 9 for the issue of the equity securities will cease to be valid in the event that

EXPLANATORY MEMORANDUM

Shareholders approve a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities or ASX Listing Rule 11.2 (disposal of main undertaking).

- (e) The Company may only seek to issue the equity securities under the 10% Placement Facility for cash consideration. The Company intends to use the funds raised towards advancing specific Company projects and/or general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A(4) upon issue of any equity securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of the Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company were to pursue an acquisition and were it to be successful in acquiring new resources assets or investments, it is possible that the allottees under the 10% Placement Facility will be the vendors of the new resources assets or investments, provided the equity securities were issued for cash consideration.

- (f) The Company previously obtained approval for the 10% Placement Facility at its 2012, 2013, 2015, 2016, 2017, 2018 and 2019 AGMs.
- (g) A voting exclusion statement is included in the Notice. At the date of the Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities, and it is not proposed to do so between the date of the Notice and the date of the Meeting. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.

ANNEXURE B
SUMMARY OF 2004 ASX PLAN – REFER RESOLUTION 4

The 2004 ASX Plan is administered by a Share Plan Committee. The Committee has authority, in its sole discretion, to issue share and grant options under the 2004 ASX Plan, to interpret the provisions of the 2004 ASX Plan and to prescribe, amend, and rescind rules and regulations relating to the 2004 ASX Plan or any issue or grant thereunder as it may deem necessary or advisable. All decisions made by the Committee pursuant to the provisions of the 2004 ASX Plan shall be final, conclusive and binding on all persons.

The number of shares issued or options granted, the exercise price and option term of options granted, and the vesting schedule and escrow periods of shares issued and options granted under the 2004 ASX Plan are determined by the Committee, in accordance with the provisions of the 2004 ASX Plan, and specified in an offer document from the Company and accepted by the eligible person, subject to the terms of the 2004 ASX Plan. Options granted under the 2004 ASX Plan will be unlisted and exercisable at an exercise price equal to less than market value of an ordinary share on the ASX at the date of grant, as set forth in the 2004 ASX Plan, or such other exercise price that the Committee determines to be appropriate under the circumstances. The term of an option granted under the 2004 ASX Plan will be determined by the Committee; however no option will be exercisable after the expiration of ten years from the date of its grant. Except as otherwise provided in the 2004 ASX Plan or determined by the Committee and set forth in an offer document, the issuance of shares and exercise of options granted under the 2004 ASX Plan will either (i) be subject to an escrow, under which such shares or options cannot be disposed of or exercised, respectively, within six months from the date of issue or grant (or 12 months if issued or granted to a director); or (ii) will vest over a four year period in four equal instalments, 25% at the end of each year from the date of grant. Shares issued and options granted under the 2004 ASX Plan may be subject to other performance criteria and hurdles, as determined by the Committee.

ANNEXURE C
SUMMARY OF 2018 ADS PLAN – REFER RESOLUTION 5

The purpose of the 2018 ADS Plan is to provide incentive for non-Australian based (particularly US based) employees, officers, consultants, independent contractors and directors.

Options granted under the 2018 ADS Plan may be incentive stock options, as provided in Section 422 of the Internal Revenue Code of 1986, as amended, or non-qualified stock options. Incentive stock options may only be granted to employees of the Company and its subsidiaries (including, without limitation, officers and directors who are also employees of the Company and its subsidiaries) and may not be granted to any owner of 10% or more of the total combined voting power of all classes of stock of the Company and its subsidiaries, or a 10% holder. To the extent that the aggregate fair market value, determined on the date that an option is granted, of ADSs with respect to which incentive stock options are exercisable for the first time by an optionee during any calendar year exceeds \$100,000, such option shall be treated as a non-qualified stock option.

Under the 2018 ADS Plan, the Company is entitled to grant to employees, officers, consultants, independent contractors and directors of the Company or any of its subsidiaries, from time to time, options to purchase American Depositary Shares, or ADSs, of the Company. The number of ADSs with respect to which options may be granted to any eligible participant under the 2018 ADS Plan in any calendar year shall not exceed 2.625 million ADSs, representing 108.5 million ordinary shares of the Company. ADSs that are forfeited under the terms of the 2018 ADS Plan and ADSs that are the subject of options that expire unexercised or which are otherwise surrendered by an optionee without receiving any payment or other benefit with respect thereto may again become available for new option grants under the 2018 ADS Plan.

The 2018 ADS Plan is administered by a Share Plan Committee. The Committee has authority, in its sole discretion, to grant options under the 2018 ADS Plan, to interpret the provisions of the 2018 ADS Plan and to prescribe, amend, and rescind rules and regulations relating to the 2018 ADS Plan or any options granted thereunder as it may deem necessary or advisable. All decisions made by the Committee pursuant to the provisions of the 2018 ADS Plan shall be final, conclusive and binding on all persons.

The type of option (incentive stock option or non-qualified stock option), exercise price, option term and vesting schedule of options granted under the 2018 ADS Plan are determined by the Committee, in accordance with the provisions of the ADS Plan, and specified in an option agreement by and between the Company and the optionee, subject to the terms of the 2018 ADS Plan. The exercise price per each ADS will be determined by the Committee at the time any option is granted, however the exercise price of an incentive stock option will not be less than 100% of the fair market value of such ADS on the date of the grant and the price of an incentive stock option granted to a 10% holder will not be less than 110% of the fair market value of such ADS on the date of the grant. Options granted under the 2018 ADS Plan will not be exercisable after the expiration of ten years from the date of grant, and in the case of an incentive stock option granted to a 10% holder, the term of the option will be five years from the date of grant or such shorter term as may be provided in the option agreement. The options will vest over a four year period in four equal instalments, 25% at the end of each year from the date of grant, unless otherwise provided by the Committee in an option agreement.

Options granted under the 2018 ADS Plan are not assignable or transferable by the grantee, other than by will or the laws of descent and distribution, and may be exercised during the lifetime of the grantee only by the grantee or his or her guardian or legal representative.

ANNEXURE D

TERMS OF T2 PLACEMENT OPTIONS – REFER RESOLUTION 7

The terms of the issue of the Options are:

1. Each Option entitles the holder to one fully paid ordinary share in the capital of Alterity Therapeutics Limited [ABN 37 080 699 065] (**the Company**) (each a **Share**).
2. The Options may be exercised at any time prior to 5.00pm Melbourne time on the day three (3) years after the issue date or the last ASX business day before that date if not an ASX business day (**Expiry Date**).
3. The exercise price of the Options is A\$0.07 (7 Australian cents) each (**Exercise Price**).
4. The Options will not be listed.
5. The Options are transferable, subject at all times to the requirements of the Australian Corporations Act 2001 and any other applicable law or regulation.
6. To exercise the Options, each Option holder must duly complete, execute and deliver to the Company an exercise notice in the form provided to the Option holder or as otherwise acceptable to the Company (**Notice of Exercise**). Options may be exercised by the Option holder in whole or in part by completing the Notice of Exercise (or such other form of written notice of exercise acceptable to the Company) and delivering it to the Company Secretary at its registered office or to its designated registry (which may include delivery or giving by electronic means), to be received prior to the Expiry Date. The Notice of Exercise must, among other things, state the number of Options exercised, the consequent number of Shares to be allotted and the identity of the proposed allottee. The Notice of Exercise by an Option holder must be accompanied by payment (which may be made by electronic funds transfer by prior arrangement in writing with the Company or its designated registry) in full for the relevant number of Shares being subscribed, being an amount of the Exercise Price per Option exercised.
7. All Shares issued upon the exercise of the Options will rank equally in all respects with the Company's then issued Shares. The Company will apply to the Australian Securities Exchange (**ASX**) for all Shares issued pursuant to the exercise of the Options to be admitted to quotation.
8. In the event of a pro rata entitlements issue to the Company's shareholders, the Exercise Price shall be reduced in accordance with the formula set out in ASX Listing Rule 6.22.2.
9. In the event of a bonus issue the number of Shares over which the Option is exercisable shall be increased by the number of Shares which the Option holder would have received if the Option had been exercised before the record date for the bonus issue.
10. In the event of any reorganisation of the capital of the Company (including consolidation, subdivisions, reduction or return) prior to the Expiry Date the rights of an Option holder will be changed to extent necessary to comply with the Listing Rules of the ASX applying to a reorganisation of the capital at the time of the reorganisation.
11. There are no participating rights or entitlements inherent in the Options and an Option holder will not be entitled to participate in new issues of capital offered to the Company's shareholders during the term of the Options. However, the Company will if required by the Listing Rules of ASX send a notice to the Option holder at least 3 business days (or such longer period as the Listing Rules of ASX require) before the record date of any new issues of capital offered to the Company's shareholders in order to give the Option holder the opportunity to exercise their Options prior to the date for determining entitlements to participate in any such issue. Notice may be sent to the last email address advised by the Option holder.
12. The Options will not give any right to participate in dividends until Shares are issued pursuant to the exercise of the relevant Options.
13. The Options may not be exercised by or on behalf of a person in the United States unless the Options and the underlying Shares have been registered under the US Securities Act of 1933, as amended, and applicable state securities laws, or exemptions from such registration requirements are available.
