

Corporate Governance Statement

The Group is committed to implementing the highest standards of corporate governance. In determining what those standards should involve, the Group has considered the ASX Corporate Governance Council's ('the Council') Corporate Governance Principles and Recommendations 4th Edition ("ASX Recommendations").

A review of the Group's Corporate Governance Framework is performed on a periodic basis to ensure that it is relevant and effective in light of the changing legal and regulatory requirements. The Board of Directors ('the Board') continues to adopt a set of Corporate Governance Practices and a Code of Conduct appropriate for the size, complexity and operations of the Group and its subsidiaries.

Unless otherwise stated, all Policies and Charters meet the Council's Corporate Governance Principles and Recommendations and have been in effect for the full reporting period. All Policies and Charters are available from the Group or on its website at www.alteritytherapeutics.com.

Principle 1: Lay solid foundations for management and oversight

(a) Role of the Board and Management

The Board's role is to govern the Group rather than to manage it. In governing the Group, the Directors must act in the best interests of the Group as a whole. It is the role of senior management to manage the Group in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of management in carrying out these delegated duties.

In carrying out its governance role, the main task of the Board is to drive the performance of the Group. The Board must also ensure that the Group complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body. The Board has the final responsibility for the successful operations of the Group.

In general, the Board is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Group. It is required to do all things that may be necessary to be done in order to carry out the objective of the Group.

Full details of the Board's role and responsibilities are contained in the Board Charter, available on the website at www.alteritytherapeutics.com.

The Board's responsibilities are detailed in its Board Charter and cover the following broad categories:

- (1) Leadership of the organisation
- (2) Strategy formulation
- (3) Overseeing planning activities
- (4) Shareholder liaison
- (5) Monitoring, compliance and risk management
- (6) Group finances
- (7) Human resources
- (8) Ensuring the health, safety and well-being of Directors, Officers, Employees and Contractors
- (9) Delegation of authority
- (10) Remuneration policy
- (11) Nomination policy

(b) Board and Senior Executives appointments

The Group undertakes comprehensive reference checks prior to appointing a director, or putting that person forward as a candidate to ensure that person is competent, experienced, and would not be impaired in any way from undertaking the duties of director. The Group provides all material information in its possession to shareholders relevant for their consideration about the attributes of candidates and whether or not to elect or re-election a director, together with whether the Board supports the appointment or re-election.

The terms of the appointment of non-executive directors, executive directors and senior executives are agreed upon and set out in writing at the time of appointment.

(c) The Company Secretary

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board, including agendas, Board papers and minutes, advising the Board and its Committees (as applicable) on governance matters, monitoring that the Board and Committee policies and procedures are followed, communication with regulatory bodies and the ASX and statutory and other filings.

(d) Diversity

The Group is committed to increasing diversity amongst its employees, and not just in the area of gender diversity. Our workforce is employed based on the right person for the job regardless of their gender, age, nationality, race, religious beliefs, cultural background, sexuality or physical ability or appearance.

Executive and Board positions are filled by the best candidates available without discrimination. The Group is committed to increasing gender diversity within these positions when appropriate appointments become available. The Group is also committed to identifying suitable persons within the organisation, and where appropriate opportunities exist, advance diversity to support the promotion of talented employees into management positions.

The Group will articulate and disclose diversity objectives during the 2022 financial year.

The following table demonstrates the Group's gender diversity as at 30 June 2021:

	Total	Number of males	% males	Number of females	% females
Directors	6	6	100%	-	0%
Other key management personnel	2	1	50%	1	50%
Other Group employees	9	3	33%	6	66%

(e) Performance evaluation

The Board undertakes an annual evaluation of Board and Director performance. All senior executives of the Group are subject to an annual performance evaluation. During the reporting period, the Board and individual performance evaluations were conducted. This provided feedback and evaluation for future development.

Further information on policies and procedures established to evaluate the performance of the Board are set out in Item 6 of the 2021 Annual Report.

(f) Independent professional advice

Directors collectively or individually have the right to seek independent professional advice at the Group's expense, up to specified limits, to assist them to carry out their responsibilities. All advice obtained is made available to the full Board.

Principle 2: Structure the board to be effective and add value

(a) Nomination of new directors

The full Board acts as its Nomination Committee to determine the director nominees for ideal candidates, to identify and recommend candidates to fill vacancies occurring between annual shareholder meetings.

The Board has a skills matrix covering the competencies and experience of each member. When the need for a new director is identified, the required experience and competencies of the new director are defined in the context of this matrix and any gaps that may exist.

(b) Board composition

The Board has been formed so that it has an effective mix of personnel, committed to adequately discharging their responsibilities and duties and being of value to the Group.

The names of the Directors, their independence under the ASX Recommendations, qualifications and experience are stated in Item 6 of the 2021 Annual Report along with the term of office held by each.

The Board believes that the interests of all Shareholders are best served by:

- Directors having the appropriate skills, experience and contacts within the Group's industry;
- the Group striving to have a balance between the overall number of Directors and the number of Directors being independent as defined in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations;
- some significant parties within whom the Group has contractual arrangements being represented on the Board during the early years of the development of the Group; and
- some major Shareholders being represented on the Board.

From 8 April 2019 and until the date of this statement, two out of six Directors are classified as being 'Independent'. The Board believes that the presence of these two Independent Directors, even though not a majority, is deemed as appropriate and sufficient for the size of the Group.

The Board will articulate and disclose its board skills and experience matrix during financial year 2022.

(c) Conflict of interests

Where any Director has material personal interest in a matter and, in accordance with the Australian *Corporations Act 2001*, the Director will not be permitted to be present during discussion or to vote on the matter. The enforcement of this requirement aims to ensure that the interest of Shareholders, as a whole, is pursued and that their interest or the Director's independence is not jeopardised.

Directors must:

- disclose to the Board actual or potential conflicts of interest that may or might reasonably be thought to exist between the interests of the Directors and the interests of any other parties in carrying out the activities of the Group; and
- if requested by the Board, take reasonable steps to remove any conflict of interest.

If a Director cannot or is unwilling to remove a conflict of interest then the Director must, as per the *Corporations Act*, absent himself or herself from the room when discussion and/or voting occurs on matters about which the conflict relates.

(d) Induction of new directors, ongoing development and commitments

An induction program has been established for new Directors, in which they are given a full briefing on the Group.

Information conveyed to new Directors includes:

- details of the roles and responsibilities of a Director;
- formal policies on Director appointment as well as conduct and contribution expectations;
- details of all relevant legal requirements;

- A copy of the Board Charter; guidelines on how the Board processes function;
- details of past, recent and likely future developments relating to the Board including anticipated regulatory changes;
- background information on and contact information for key people in the organisation including an outline of their roles and capabilities;
- a synopsis of the current strategic direction of the Group, including a copy of the current strategic plan and annual budget;
- an analysis of the Group; and
- a copy of the Constitution of the Group

New Directors are issued with a formal Letter of Appointment that sets out the key terms and conditions of their appointment, including Director's duties, rights and responsibilities, the time commitment envisaged, and the Board's expectations regarding involvement with any Committee work.

During the year, all Directors have full access to all Group records and receive Financial and Operational Reports at each Board Meeting.

In order to achieve continuing improvement in Board performance, all Directors are encouraged to undergo continual professional development.

Each member of the Board is committed to spending sufficient time to enable them to carry out their duties as a Director of the Group.

Principle 3: Instil a culture of acting lawfully, ethically and responsibly

(a) Code of conduct

To assist the Board to carry out its functions, the Group has adopted and implements a Code of Conduct to guide compliance with legal and other obligations to legitimate Stakeholders. The code governs the conduct of all directors, officers, employees and agents of the Group in the performance of their roles and is administered by the Group's Audit Committee.

The Board will articulate and disclose its values during financial year 2022.

The Board acknowledges the legitimate interests of various stakeholders such as employees, clients, customers, government authorities, creditors and the community as a whole. As a good corporate citizen, it encourages compliance and commitment to appropriate corporate practices that are fair and ethical via its Code of Conduct. This code includes the following:

(i) Responsibilities to shareholders and the financial community

The Group complies with the spirit as well as the letter of all laws and regulations that govern shareholders' rights. The Group has processes in place designed to ensure the truthful and factual presentation of the Group's financial position and prepares and maintains its accounts fairly and accurately in accordance with the generally accepted accounting and financial reporting standards.

(ii) Employment practices

The Group endeavours to provide a safe workplace in which there is equal opportunity for all employees at all levels of the Group. The Group does not tolerate the offering or acceptance of bribes or the misuse of Group assets or resources.

(iii) Obligations relative to fair trading and dealing

The Group aims to conduct its business fairly and to compete ethically and in accordance with relevant competition laws and strives to deal fairly with the Group's customers, suppliers and competitors and encourages its employees to strive to do the same.

(iv) Responsibilities to the community and to individuals

As part of the community, the Group is committed to conducting its business in accordance with applicable environmental laws and regulations and supports community charities.

The Group is committed to keeping private information from employees, clients, customers, consumers and investors confidential and protected from uses other than those for which it was provided.

(v) Conflicts of interest

Directors and employees must avoid conflicts as well as the appearance of conflicts between personal interests and the interests of the Group.

(vi) How the group complies with legislation affecting its operations

Within Australia, the Group strives to comply with the spirit and the letter of all legislation affecting its operations. Outside Australia, the Group will abide by local laws in all countries in which it operates. Where those laws are not as stringent as the Group's operating policies, particularly in relation to the environment, workplace practices, intellectual property and the giving of "gifts", Group policy will prevail.

(vii) How the group monitors and ensures compliance with its code

The Board, management and all employees of the Group are committed to implementing the Code of Conduct and each individual is accountable for such compliance. Disciplinary measures may be imposed for violating the Code.

(viii) Share trading policy

The Group has a share trading policy that regulates the dealings by Directors, Officers, Employees, and Consultants in shares, options and other securities issued by the Group. The policy has been formulated to ensure that Directors, Officers, Employees and Consultants who work on a regular basis for the Group are aware of the legal restrictions on trading in Group securities while in possession of unpublished price-sensitive information.

Unpublished price-sensitive information is information regarding the Group, of which the market is not aware, that a reasonable person would expect to have a material effect on the price or value of the Group's securities.

Principle 4: Safeguard the integrity of corporate reports

(a) Audit committee

(c) External auditor

The Group's external auditor attends each annual general meeting and is available to answer any questions relevant to the audit and their report.

Prior approval of the Board must be gained for non-audit work to be performed by the external auditor. There are qualitative limits on this non-audit work to ensure that the independence of the auditor is maintained.

There is also a requirement that the audit partner responsible for the audit not perform in that role for more than five years.

(d) Company announcements

The Company has established practices to ensure that Company announcements (including the 2021 Annual Report) are accurate, balanced and understandable and provide investors with appropriate information to make informed investment decisions. Principle 7: Recognise and manage risk

(a) Risk management

The Board is committed to the identification, assessment and management of risk throughout the Group's business activities.

The Audit Committee has established a policy for risk oversight and management within the Group which is periodically reviewed at least annually and updated. In accordance with this policy, management periodically reports to the Board on the management of material business risks and whether those risks are being managed effectively. Management reports to the Board on risk management through regular operations reports, and via direct and timely communication to the Board where and when applicable.

The Group recognises that risk management is an essential element of good corporate governance and fundamental in achieving its strategic and operational objectives. Risk management improves decision-making, defines opportunities and mitigates material events that may impact security holder value.

The Board reviews the Group's risk management framework periodically and, in any event, at least annually to satisfy itself that it continues to be sound, and that the entity is operating with due regard to the risk appetite set by the Board. The Group faces risks inherent to its business, including economic risks, which may materially impact the Group's ability to create or preserve value for security holders over the short, medium or long term. The Group has in place policies and procedures to help manage these risks. The Board does not consider that the Group currently has any material exposure to environmental or social sustainability risks.

A review of the Group's risk management framework occurred during the period of the Corporate Governance Statement.

(b) Internal auditor

The Board has appointed ShineWing Australia to provide internal risk audit services. The internal audit function is independent of the external audit function and provides objective assurance on the effectiveness of risk management, internal control and governance processes. The independent internal audit function has a direct reporting line to the Audit Committee and has free access to Group management and employees. Following a review of the risks facing the Group, an Internal Audit Plan is prepared by ShineWing Australia and endorsed by the Audit Committee and the Board. An internal audit is conducted annually.

(a) Remuneration committee

(i) Role

The role of the Remuneration Committee is to oversee and make recommendations to the Board with respect to the compensation of the Group's Directors including the CEO and to oversee and advise the Board on the adoption of policies that govern the Group's compensation programs, including share and American Depository Shares ('ADSs') option plans and other employee benefit plans. (ii) Composition

The current members of the Remuneration Committee, and their qualifications are detailed in Item 6 of the 2021 Annual Report. The Remuneration Committee consists of two independent Non-Executive Directors. Given the current size of the Group, the Board believes a Remuneration Committee consisting of two members is sufficient to enable the committee to discharge its mandate effectively.

The Remuneration Committee holds a minimum of two meetings a year. Details of meetings held during the year and attendance of the members of the Remuneration Committee are contained in the Annual Report.

The Group also has a Share Plan Committee created to administer the Share Plans adopted at the 2004 and 2018 AGMs. This Committee is a sub-committee of the Remuneration Committee.

Shares and/or options may also be granted based on an individual's performance, with those granted to Directors subject to Shareholder approval.

All participants in an equity-based remuneration scheme are prohibited from entering into any transaction that would have the effect of hedging or otherwise transferring the risk of any fluctuation in the value of any unvested entitlement in company securities to any other person.

(ii) Non-executive director remuneration policy

Non-Executive Directors are remunerated out of the maximum aggregate amount approved by Shareholders for the remuneration of Non-Executive Directors. Non-Executive Directors may be entitled to statutory superannuation, but no other retirement benefits.
